ART MATERIALS & FOUND OBJECTS:

All artists will be given the same surprise materials. Objects will range in size, shape, and material making up a big part of the challenge. All pieces must be incorporated, but do not have to keep their original form, color, or shape. Each random box will be handed out at 11:30am on the day of the event to kickstart creative thinking and problem solving skills.

ARTIST MUST PROVIDE:

Each chosen artist must provide their own drop cloth and basic art materials: paint, glue, collage material, other found objects, brushes, water bucket, tools, etc. making sure they have the tools in order to create the piece they desire. Battery operated tools are welcomed as no electrical outlets will be available. Anything to create the piece will be left up to each individual artist in order to make it their own. **(Spray paint, airbrushes, and aerosols are PROHIBITED.)**

NOTE: Drop cloths must be able to prevent any material the artist uses from staining or damaging property. Any staining or damage will result in fines from the city.

We highly suggest bringing a 10'x10' tent for promised shade and protection. You will be out in the direct sunlight. (Tents MUST have weights, no staking.)

Each artist may include one assistant to help complete their piece within the 4 hour block. Bring a buddy!

Judging will be done by a surprise panel of judges and the audience! This competition will be all about having fun, material interpretation, celebrating the challenge itself, and what each artist successfully created within the 4 hour block. HAVE FUN!
